

# VoiceClip 1100

i.Tech Bluetooth Headset

## Quick Start Guide

### 1. Multifunction Button (MFB)

- Power On / Off
- Pair with Mobile Phone
- Answer / End Calls

### 2. Micro USB Charging Socket

### 3. Status Indicator

### Charging Your Headset

The headset comes with a built-in rechargeable battery. Prior to using the headset for the first time, it is recommended to fully charge the battery.

Insert the charger's plug into the headset's USB charging socket and plug the main charger to an AC wall outlet or plug to the PC / notebook.

**!** Use only the supplied charger / USB charging cable to charge the headset.

Headset Status	Status Indicator Light
Charging (OFF MODE)	Solid red
Fully charged (OFF MODE)	OFF
Low battery	Flash red with short beep every minute

3 hours are required to fully charge the headset.  
**\* Warning: Do not use the headset while it is connected to the charger.**

### Pairing Your Headset Manually for the First Time

- 1) Ensure the headset is off.
- 2) To activate the pairing mode, press and hold the headset's MFB for 5 seconds without releasing your finger until its status indicator flashes blue and red alternately.
- 3) Activate your mobile phone's Bluetooth to search surrounding Bluetooth devices, select "VoiceClip 1100" and enter the passcode "0000". When the pairing is completed, the headset's status indicator will flash blue rapidly 5 times and you can hear a long beep.

### Basic Operation
